VEGA Projection Screen System

- Projection Screen System

Whether you need a projection screen for your home theatre or for use at your meeting room, our projection screen is the solution. It gives a vivid image and you get the exact result as you expected.

Our screens also come in different sizes, styles and formats to suit a wide range of applications. For easy cleaning, matte white will be the best choice. With the remote, you can control the movement of our electric screens with a distance. Tripod projection screen is the mobile solution when you have to give presentation or demonstration while you are on the road. All types of screens require no maintenance and setting up is totally trouble free.
